

VIRTUAL TEAM BUILDING

20 JANUARY 2021

Feedback from participants on what they liked about the event?

"Having fun and meeting colleagues for the first time online."

"New experience of attending a virtual team building."

"The strong collaboration shown to complete a task within the time frame."

"Interacting with and meeting different colleagues in different breakout rooms with their names clearly displayed."

Zoom Bonding .. As One

Following the online Managers' Conference, a virtual team building was organised the next day for some of the management staff. With social distancing being the norm, we decided to carry out a Zoom Bonding as we wanted Texchemers to continue to build rapport, stay connected and have fun. 85 Texchemers from various operations including those overseas dialed in remotely for the team building.

There were a total of 7 breakout game rooms and participants were required to visit all 7 rooms to earn points. Each participant was given a unique sequence for the rooms to visit as such at each breakout game room, there will be a different group of Texchemers collaborating to complete the task given.

In between the breakout rooms, there were lucky draw sessions with the winners drawn by by Mr Yap Kee Keong and Ms Cynthia Ooi. In one of the breakout rooms, the task given involved participants putting in collective effort and using online drawing tools to draw a picture which yielded some surprising nice results.

We hope that Texchemers will always continue to stay connected under the new norm in the spirit of "As One"!
