

The Cultural Ambassadors (CA) would like to express our appreciation to Texchemers who donated to our “Back to School” Fund Raising Program.

Thanks to your contribution, 52 school children from underprivileged background will be able to enjoy proper meals at school for this whole year. During a visit to one of the sponsored schools, one student expressed her gratitude for this meal sponsorship as without such a program, her lunch will only be biscuits and snacks. At another school where meeting the students was carried out online, one student expressed that her dream was to become a psychologist while another wanted to be a doctor.

Texchem’s Cultural Ambassador launched this program to reach out to school going youths whose families are already in the B40 category but was further impacted by the pandemic. We realised that these youths need proper meals and nutrition to enable them to concentrate well on their studies and give them a chance of a better future than that of their parents.

Thank you Texchemers for making the “Back to School” Fund Raising Program a success!

How much was collected?

Collection from Texchemers : RM13,000
 Matching grant from Texchem Resources Bhd : RM13,000
 Collection from Tan Sri Konishi and Mr Yap Kee Keong: RM7,000
