

Sustainability Statement 2023

(extracted from Annual Report 2023 pages 40 - 57, including the Performance Data Table from Bursa Malaysia's ESG Reporting Platform)

SUSTAINABILITY STATEMENT

Dear Esteemed Stakeholders

It is my pleasure to present Texchem Resources Berhad's ("TRB Group" or "the Group") Sustainability Report for the financial year ended 31 December 2023 ("FY2023"). This report underscores our ongoing commitment to build long-term value for stakeholders by integrating Environmental, Social and Governance ("ESG") considerations into our core business practices.

FY2023 presented a dynamic global landscape, bringing both challenges and opportunities as well as new economic and geopolitical hurdles. In the ever-changing environment, TRB Group will continue to assess and enhance sustainability matters as a key pillar of our strategy. This focus strengthens our resilience, empowers us to manage risks and positions us to respond and evolve.

During the year, we charted good progress on our sustainability journey as we took concrete steps toward embedding ESG aspects across our operations. We integrate sustainability-linked Key Performance Indicators ("KPIs") across our Board of Directors and Key Senior Management, fostering accountability and driving quantifiable improvements. Furthermore, we also refined our material topics to align with Bursa Malaysia Securities Berhad's ("Bursa Malaysia") latest requirements to ensure we remain at the forefront of best practices.

Besides that, we expanded our reporting in FY2023 to include additional indicators and data points, providing our stakeholders with a more comprehensive understanding of our sustainability performance.

TRB Group recognizes that combating climate change is a global imperative and a pertinent issue that recognises the urgent need for action. As a responsible corporate citizen, we are committed to minimising our environmental footprint and contributing to a sustainable future. We are putting together plans to proactively tackle climate change by analysing our operations, pinpointing climate-related risks and exploring solutions for enhanced resilience.

Our Sustainability Journey

Sustainability is an ongoing focus for the Group and influences the way we do business. We are dedicated to constant improvement in our ESG performance, offering both transparency and measurable progress in our reporting. Staying true to our dedication to progress, we are constantly evolving our sustainability disclosures to mirror our initiatives.

Looking ahead, we plan to integrate sustainability even deeper into our core strategies. One key area of focus is reducing our environmental impact through improved energy management. We are also dedicated to fostering an inclusive workplace and uplift our local communities. Our employees are our greatest strength and we prioritize a safe and fulfilling work environment for all. Finally, ethical conduct and accountability continue to be at the heart of our company.

In closing, we understand that achieving true sustainability demands collaboration. We eagerly seek partnerships with fellow stakeholders to explore new avenues for creating positive change. Our ultimate ambition is to deliver enduring value for our stakeholders while shaping a better, more sustainable world.

Thank you.

Yap Kee Keong

Chairman, Sustainability Steering Committee

At Texchem, our fundamental sustainability commitment is to enhance our value chain by integrating our Economic, Environmental, Social and Governance ("EESG") responsibilities to build a solid and inclusive economy and create shared value for our stakeholders. Sustainability is embedded in all our business activities so that we can foster meaningful and long-lasting relationships with all our stakeholders and contribute to national growth.

1. About This Statement

This Statement provides an overview of Texchem's sustainability performance during the period of 1 January 2023 to 31 December 2023. Historical information from previous years was included, wherever applicable, to provide a basis for comparison.

To align with the Bursa Malaysia Main Market Listing Requirements in relation to enhanced sustainability reporting framework, FY 2023 represents the first year of reporting on certain new sustainability matters where only current year data have been disclosed without historical information.

In forthcoming reports, our aim is to augment the indicators associated with the material matters covered in this Report, fostering a more comprehensive representation of our evolving sustainability initiatives. We are dedicated to continual improvement and the enhancement of our key sustainability matters.

The last Report dated 10 April 2023 has been posted on the Company's website, www.texchemgroup.com in the 2022 Annual Report Section.

ASSURANCE

We strive to improve our data collection in Texchem to ensure completeness and accuracy. The information in this Report has been reviewed by the Sustainability Steering Committee and Group Internal Assurance & Consulting Department. This Report has yet to be externally assured.

SCOPE AND BOUNDARY

Texchem's businesses and operations span across South East Asia region. The Report includes operations for which we have full control and subsidiaries in Malaysia, Singapore, Thailand, Indonesia, Vietnam and Myanmar. It excludes operations of our associate companies.

REPORTING GUIDELINES

Principal Guidelines

- Bursa Malaysia 's Sustainability Reporting Guideline (3rd Edition)
- Malaysia Code on Corporate Governance 2021 ("MCCG")

Reference Guidelines

 United Nations Sustainable Development Goals ("UNSDGs")

FEEDBACK

We welcome and encourage our stakeholders to provide feedback pertaining to this Statement and the issues covered to our Sustainability department at esg@trbgroup.com

2. Sustainability Governance

Texchem takes a top-down approach in regards to the management of EESG matters. Pertinent information on the progress of EESG initiatives implementation are reported back up the sustainability governance chain of command to the Board of Directors ("Board") for deliberation and subsequent directive. The composition, roles and responsibilities of the sustainability governance structure are as follows:

Role	Responsibilities	Composition
Texchem's Board of Directors ("Board") Retain overall responsibility for Texchem's sustainability performance	 Leads Texchem's Sustainability Agenda Manages Texchem's Sustainability Initiatives Provides the final review and approval on sustainability matters related to Texchem 	 Executive Directors Non-Executive Directors
Sustainability Steering Committee ("SSC") Responsible for establishing Texchem's sustainability strategy	 Develops Texchem's sustainability strategies and objectives in line with the Board's agenda Oversees the SWC on progress in sustainability matters and programs Ensures sustainability disclosures are aligned with the Listing Requirements 	 President & Group Chief Executive Officer (Chair) Divisional Presidents & CEOs Group Chief Financial Officer Chief HR Officer Legal Director Sustainability Officer
Sustainability Working Committee ("SWC") Responsible for implementing and monitoring sustainability initiatives at the operational level	 Assists the SSC in preparing the disclosures for Texchem's sustainability report Assists the SSC in its duties to carry out Texchem's sustainable strategies, policies and initiatives 	Key department representatives

The Board strives to continuously be equipped with the necessary knowledge regarding the management of sustainability (including climate-related risks and opportunities) to drive informed decision making by attending periodic capacity building programmes. The Board is also cognisant of ensuring that the required competencies in relation to sustainability is periodically assessed to strengthen Board leadership and oversight of sustainability matters.

Sustainability-linked Key Performance Indicators ("KPIs") have been established and embedded within the Board's and senior management's performance evaluation scorecard to drive group-wide accountability in steering our sustainability performance.

3. Material Matters

We believe that sustainable development can be achieved by adopting sound principles and the current best practices. Cognisant of our role in building a better and more sustainable future, we have assessed the EESG sustainability issues that are affected by our operations.

As part of our strategy, we reviewed the sustainability issues that are material to Texchem and our stakeholders in the year under review to determine whether each issue is still relevant or must be replaced with emerging ones.

For FY 2023, our relevant sustainability matters have been refined in order to align with the Bursa Malaysia Main Market Listing Requirements in relation to enhanced sustainability reporting framework i.e. Common Sustainability Matters.

We have re-categorised and re-arranged our existing ten (10) material sustainability matters into nine (9) Common Sustainability Matters to be reported in FY 2023 plus two (2) other sustainability matters, namely Economic Performance and Product & Services Quality, as follows:

3. Material Matters (cont'd)

Key Pillars	Key Sustainability Matters FY 2022	Key Sustainability Matters FY 2023	In alignment to UNSDGs
Economic	Business Performances & Business Continuity Food Safety	Economic PerformanceProduct & Services QualitySupply Chain Management	DECENT WORK AND ECONOMIC GROWTH
Environment	Energy Efficient	Energy ManagementWater Management	CLAM WATER AND SAN MATCH AND S
Social	 Employee Wellness & Engagement Safety & Health Talent Management Human Rights Community Investment 	Community/SocietyDiversityHealth & SafetyLabour Practices & Standards	OCOD HEALTH AND WELL-REND COOLONG CREWTH COOLONG CR
Governance	Corporate Governance & Regulatory Compliances	Anti-corruptionData Privacy & Security	16 PRESE, AUSTIE AND ETRODO RETUTIONE ***********************************

4. Sustainability Assessment Process

Our materiality assessment process is done through our evaluation of various stakeholders' engagement throughout the year, peer comparison reviews and cognizance of the current economic, environmental as well as social trends both locally and globally. On top of this, there is a continual scanning of the business environment done to ensure that we stay on top of the business risks and opportunities that abound as a result of the rapidly changing global environment.

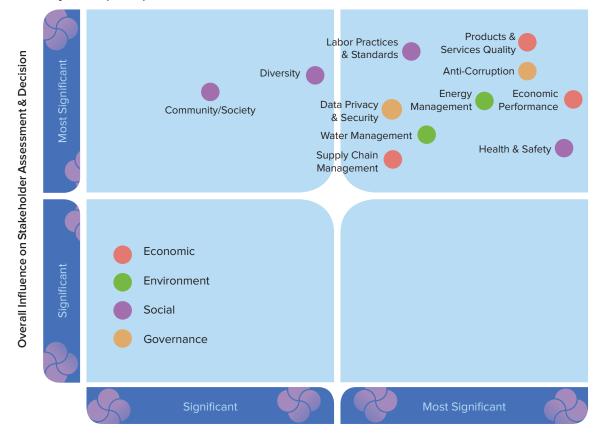

This would surmise to determine the key material matters that would impact Texchem and stakeholders based on our interaction with stakeholders and from internal discussions in the Sustainability Steering Committee.

5. Materiality Matrix

This year we reviewed the re-categorised and re-arranged material sustainability matters with our key internal stakeholders to ensure that their interest and concerns and those they perceive of interest and concern to our key external stakeholders are addressed. Our material matters will then influence our business decision on allocation of our resources.

The items mapped on the upper right-hand quadrant of the matrix are the ones deemed most significant by both Texchem and our stakeholders.

5. Materiality Matrix (cont'd)

Overall Influence on Texchem's Sustainability Impact

6. Stakeholder Engagements

Stakeholders represent the diverse group of parties that have a degree of interest and influence on Texchem and the way it operates. Texchem is committed to regularly engage with its key stakeholder base that include customers, employees, government/regulators, investors/media and our Board to find out issues that concern them and to build a balanced, holistic business strategy that is incorporated based on the prioritization of the respective stakeholders. These actions strengthen Texchem's relationship with our various stakeholders.

Some of our key stakeholders and the type of engagement we have with them is summarised below:

Stakeholder Group	Type of Engagement	Sustainability Concerns
Customers ជម្ងំជ ឧ	 Dialogue/Conference calls Status Updates and Operational Presentations Customer visits Customer surveys 	Competitive prices, quality, product safetyCustomer satisfactionCreating total solutionsTimely delivery
Board of Directors	Board MeetingsAudit Committee MeetingsOther Committee Meetings	 Revenue and profit growth, financial results Corporate Governance compliance to all relevant Regulations and Law Adequate Procedures on Anti-Corruption and Bribery EESG progress

Investors (§)	 Quarterly results briefing Annual General Meetings	Revenue and profit growthGood dividend payoutGood EESG practices
Vendors/Suppliers	Supplier qualification and selectionSupplier evaluation and periodic auditsEngagement and meetings	Sustainable and consistency in supplyQuality of goods and servicesFair and mutual agreements
Government/Regulators	Quarterly results announcementsConsultative activities and meetingsIndustry events and seminars	 Adherence to Law and Regulations Corporate Governance and Compliance Covid-19 prevention measures
Community	CSR programs Corporate volunteer programs	Uplifting the needy groups in our societyFoster better relationships and partnershipGood corporate citizen
Bankers	Timely business and financial updates Periodic dialogues and discussions	Financial performanceGood EESG practicesRisk management

7. Management Approach for Material Matters

Economic ____ Related Performance UNSDGs:

WHY IS THIS IMPORTANT?

Texchem's financial performance supports the creation of long-term value and Texchem's sustainability agenda. We are mindful of our responsibilities to create decent employment opportunities and promote economic development within the local communities. Our ultimate goal is to ensure long-term resilience by leveraging our assets and sharing the generated wealth with our stakeholders.

OUR APPROACH

We are committed to creating sustainable value for our customers, shareholders, employees and the local communities in which we operate. Economic performance serves as a strategic necessity, contributing positively to our environmental and social factors.

OUR PERFORMANCE

For details of our financial results, please refer to the Management Discussion and Analysis and the Audited Financial Statements in this Annual Report, a summary of which is provided below:

	FY2023 RM'mil	FY2022 RM'mil	FY2021 RM'mil

Products & ____ Related Services Quality UNSDGs:

WHY IS THIS IMPORTANT?

Texchem strives to achieve and maintain high quality values in our products and services to create sustainable competitive advantages and meet globally recognised standards and protocols by implementing quality management systems and obtaining certifications. This aligns with our sustainability development and improvement agenda.

OUR APPROACH

Our dedication to quality extends to enhancing customer satisfaction through a dual-pronged approach to quality management, based on quality control (built-in quality activities) and quality assurance (activities that win over customers' trust).

	ECONOMIC		
Supply Chain Management	Related UNSDGs:	08 DECENT WORK AND ECONOMIC GROWTH	09 BIOUSTRY, ISMOVATION AND INFRASTRUCTURE

WHY IS THIS IMPORTANT?

Texchem is dedicated to promoting responsible procurement practices and enhancing our supply chain resilience by incorporating sustainability elements throughout our procurement lifecycle. In a commitment to support the local economy and foster community development, Texchem participates in local procurement, engaging with nearby suppliers. This practice not only contributes to the domestic economy but also aids in minimizing environmental impacts associated with our business activities by sourcing materials locally.

OUR APPROACH

Texchem's procurement policy is designed to uphold confidentiality, prevent conflicts of interest, and ensure ethical dealings with suppliers. We are also committed to maintaining an ethical supply chain through robust governance and close collaboration with vendors and suppliers.

As part of Texchem's Anti-Corruption Programme, we have notified our suppliers, vendors, contractors, and other third-party partners of Texchem's commitment to maintain the highest standards of integrity, accountability and professionalism in our business dealings and relationships as well as our zero tolerance policy against all forms of bribery and corruption.

These entities are informed of and expected to comply with Section 17A of the Malaysian Anti-Corruption Commissions Act 2009 ("MACC Act") and Texchem's Anti-Corruption Policy and Procedures ("ACP"). All agreements with third-party partners include commitment by each party to comply with relevant anti-corruption laws and standards.

Our approach to local procurement and supply chain is an ongoing process. We are dedicated to continual improvement and the enhancement of our supply chain policies and procedures. Throughout this journey, we ensure that all legal requirements are taken into account, and corresponding measures are implemented as necessary.

OUR PERFORMANCE

	FY 2023
Proportion of spending on local suppliers	42%

FY 2023 represents the first year Texchem is including Supply Chain Management in its EESG reporting.

7. Management Approach for Material Matters (cont'd)

	ENVIRONMEN	т		
Energy Management	Related UNSDGs:	13 CLIMATE ACTION	12 RESPONSIBLE CONSUMPTION AND PRODUCTION	11 SUSTAINABLE CITIES AND COMMUNITIES

WHY IS THIS IMPORTANT?

Texchem acknowledges that our energy consumption and GHG emissions contribute to climate change impacts. We recognise that as a corporate citizen, it is our responsibility to reduce our carbon footprint while also embracing opportunities that unfold while making the transition to a low-carbon economy.

OUR APPROACH

We are fully committed to reduce our environmental impacts by prioritising energy conservation and improving our energy efficiency. In managing our energy and emissions impacts, we use technology and new equipment to implement energy-saving and cost-effective techniques in our manufacturing processes to reduce our operations carbon footprint and energy consumption.

We reduce our electricity demand from the national grid by utilizing renewable energy from solar rooftop photovoltaic ("PV") panels installed at our buildings that are feasible to be fitted with such panels. Our Sushi King restaurants use energy-saving LED lighting.

While we continue to deploy solar-based energy into our operations, we have embarked on our next phase in energy conservation to identify areas where energy is being wasted and provide a roadmap for improvement opportunities. It involves analyzing energy consumption, identifying potential inefficiencies, and benchmarking against industry standards.

We are committed to progressively reduce fossil fuel consumption without compromising our production output and operational efficiency.

OUR PERFORMANCE

Period	Renewable	Non-Renewable	Total
	MWh	MWh	MWh
FY 2023	2,585	94,536	97,121

FY 2023 represents the first year Texchem is including Energy Management in its EESG reporting.

We started using solar-based energy in various stages in FY 2022 that enabled us to reduce our carbon footprint as follows:

Period	Renewable energy MWh	Reduction of CO ₂ * tonnes
FY 2023	2,585	1,652
FY 2022	1,526	975

^{*} using ratio of 0.639 tonnes CO₂/MWh per the Sustainable Energy Development Authority Malaysia ("SEDA Malaysia").

7. Management Approach for Material Matters (cont'd)

Water ____ Related UNSDGs: | COMMITTATION | COMMI

WHY IS THIS IMPORTANT?

The issue of water scarcity is becoming increasingly alarming due to several factors, such as climate change, poor water management, and contamination. As water cuts and scarcity are becoming more frequent, the Group is committed to mitigating the risk of water shortages through efficient water management across our operations.

OUR APPROACH

Texchem implements water conservation initiatives and raise employees' awareness on proper water management at all our business and operating sites. These initiatives include:

- diverting water from production which would normally be discharged into drain systems to flush toilets. This is an initiative by our Polymer Engineering Division.
- Raising awareness among employees for responsible water usage behavior at our business and operating sites
- closely monitor potential leaks and increases in water consumption

OUR PERFORMANCE

Period	Total Volume of Water Used (megalitres)
FY 2023	1,564

FY 2023 represents the first year Texchem is including Water Management in its EESG reporting.

	SOCIAL		
Community/ Society	Related UNSDGs:	02 ZERO HUNGER	03 GOOD HEALTH AND WELL-BEING

WHY IS THIS IMPORTANT?

A sustainable business should have the support and approval of its employees, stakeholders and the community it operates in. Texchem is determined to fulfil its role as a responsible corporate citizen by giving back to the surrounding communities in which we operate. Our community programs focus on community good health and well-being and zero hunger to support the future generation's education pursuit.

7. Management Approach for Material Matters (cont'd)

OUR APPROACH

Empathy, being one of Texchem's core values, is diligently practiced and cascaded down to our employees. To this end, many of our community programs are participated jointly by the Texchem and our employees. Our Cultural Ambassadors are entrusted to plan and carry out Texchem's community programs.

OUR PERFORMANCE

	Community Programs in FY 2023					
Community Programs Amount Contributed RM		Estimated number of beneficiaries	Description			
"Back to School" Fund Raising Program	34,594	70	Providing free meals to school children from B40 families in Malaysia.

7. Management Approach for Material Matters (cont'd)

WHY IS THIS IMPORTANT?

Diversity and inclusion are fundamental principles. Texchem is committed to cultivating an optimal working environment that fully utilises the talents, skills, knowledge, and potential of all employees by maintaining a diverse and inclusive workplace.

This approach enables the organisation and its workforce to benefit from a broad array of perspectives, thoughts, experiences, and abilities, fostering a dynamic and high-performance work culture.

OUR APPROACH

Texchem is committed to providing job opportunities for individuals in the countries where we operate. Our local employment approach values diversity and equality, creating an inclusive environment with employees from diverse racial backgrounds.

All gender expressions are accepted without prejudice, all different cultural celebrations are equally observed and honored, and individual ethnic sensitivities are respected. Texchem is committed to providing equal opportunities based on meritocracy in all its employment practices.

	SOCIAL	
Health & Safety	Related UNSDGs:	O3 08 GOOD HEALTH AND WELL-BEING DECENT WORK AND ECONOMIC GROWTH

WHY IS THIS IMPORTANT?

Texchem is committed to fostering a safe and healthy workplace for all its employees and contractors that sets the foundation for our businesses to thrive and underpins our financial performance and moral obligations.

Occupational Health & Safety ("OSH") also protects Texchem against financial, operational and legal ramifications as these safeguards our employees, assets, maintains trust with stakeholders and secures the sustainability of our operations.

OUR APPROACH

In compliance with the Occupational Safety and Health Act 1994, Health & Safety Committees have been established in our operation sites to identify, plan and resolve OSH-related concerns.

The Hazard Identification, Risk Assessment, and Risk Control ("HIRARC") process is regularly reviewed and assessed to ensure that it remains relevant in identifying all potential hazards and providing effective mitigation measures. An incident reporting line has been established to communicate information for Management's attention.

We provide health and safety training to employees and contractors. Our H&S training programmes include emergency response, hazard, and risk management, as well as health awareness. These programmes are reviewed regularly to ensure their relevance.

OUR PERFORMANCE

Period	Total number of hours worked in the reporting period	LTIR [1], [2]	Work Related Fatality
FY 2023	8,971,554	0.38	0

[1] LTIR is calculated as a rate, where the number of lost time incidents during the reporting period are expressed per the total number of hours worked as at the end of the reporting period.

[2] The value of 200,000 represents a standardised value of the total amount of hours that 100 employees work weekly for 40 hours for a duration of 50 weeks ($100 \times 40 \times 50 = 200,000$).

FY 2023 represents the first year Texchem is including number of work-related fatalities and Lost Time Incident Rate ("LTIR") in its EESG reporting.

	FY 2023	FY 2022	FY 2021
Number of employees trained on Health & Safety	2,089	1,466	1,000

Labor Practices ____ Related & Standards UNSDGs:

WHY IS THIS IMPORTANT?

Texchem believes that our employees are our most valuable assets and are the driving force for our success and growth. We are committed to recruiting, developing, and retaining high-performing employees while providing work environment that is both conducive and empowering. On top of that, we invest in development programmes to ensure our employees remain competitive, progressive and future ready.

OUR APPROACH

Continuous learning and development are the key essences of Texchem's success. In promoting sustainable growth across our businesses, we provide learning opportunities to our employees for upskilling and to be equipped with the latest industry knowledge. Our training objectives are to improve organisational effectiveness, optimise human capital, build and strengthen staff capabilities, and create a sustainable performance culture.

OUR PERFORMANCE

Employee training hours				
FY 2023 FY 2022 FY 2021				
Total training hours	81,631	61,665	44,776	

Employee Composition

	FY 2023
Full Time	79%

Executives	6.2%
Non-Executives	20.4%
Total	27.6%

Our overall turnover rate is 27.6% for the reporting period. Due to the nature of the business, our Restaurant Division's employee turnover was at 17.6%. We will continuously work towards improving our turnover rate.

7. Management Approach for Material Matters (cont'd)

Human Rights

We recognise the importance of respect for human rights, and conduct our business in ways that prevent and/ or mitigate adverse impact on human rights. We treat our employees with dignity and respect, comply with all applicable laws wherever we operate, and support the elimination of all forms of forced labour, human trafficking, and discrimination. We promote freedom of association, strive for safe and healthy work environment, and comply with applicable local laws and regulations relating to hiring of minors.

Our policies are aligned with the rights set out in the United Nations ("UN") International Bill of Human Rights and the principles concerning fundamental rights set out in the International Labor Organisation ("ILO") Declaration on Fundamental Principles and Rights at Work.

We have established a Whistleblowing Policy which creates a platform for employees and stakeholders to lodge reports in good faith without fear of reprisal. In FY 2023, there has been no reported incident of human rights violation.

GOVERNANCE

Anti-Bribery and ____ Anti-Corruption

Related UNSDGs:

WHY IS THIS IMPORTANT?

Texchem endeavors to observe high standards of transparency, accountability and integrity. We believe that good corporate governance will help achieve long-term success and sustainable growth as well as to ensure trust and confidence from stakeholders.

Details of Texchem's corporate governance framework and practices are elaborated in the Corporate Governance Overview Statement in the Annual Report and Corporate Governance Report which is available on the Company's website at www.texchemgroup.com

OUR APPROACH

Texchem has established policies, procedures and guidelines in order to comply with the best practices of good governance guided by the Listing Requirements and the Malaysian Code on Corporate Governance throughout its operations. These policies, procedures and guidelines are subject to regular reviews and have been communicated to all employees via various communicating channels.

Communication of Texchem's Anti-Corruption Policy and Procedures ("ACP")

We communicate our ACP to our people via various platforms, including our employee engagement platform (REN EcoSystem), online training sessions and orientation programmes. Our employees across all management levels are also provided with training on the ACP via online learning, covering elements or types of corruption, including bribery, sanctions on non-compliance and other sub-policies.

Our employees and business partners must practice integrity and respect in all activities, as prescribed by our Code of Conduct and Ethics. The Code outlines our ethical and behavioral policies. As stated in our ACP, we condemn all acts of bribery and corruption in accordance with the Malaysian Anti-Corruption Commission Act 2009. Our Whistleblowing Policy provides a platform where our stakeholders can raise concerns about possible breaches of policies and other questionable practices without fear of reprisal or retaliation.

7. Management Approach for Material Matters (cont'd)

Anti-corruption training has been conducted for all Board members, senior management, and employees. In FY2023, all employees have undergone this training, with employees required to sign and affirm their compliance with the ACP policy.

	FY 2023
Top Management	100%
Senior Management	100%
Management	100%
Executives	100%
Non-Executives	100%
Total	100%

Recognising the importance of risk assessment in good management practice and maintaining the integrity of Texchem's infrastructure, top-level management emphasizes the need for effective risk assessment embedded at all organisational levels.

As part of its rotational audit planning, Texchem's Group Internal Assurance & Consulting Department commenced its assessment of corruption-related risks starting July 2023 and have covered 39% of our total operations as at the end of the reporting period.

In FY 2023, our stakeholders reported no incidents of bribery and corruption in our operational activities.

In the recent years, data has become more susceptible to cybersecurity risks. Consequently, we have a responsibility to manage the growing threat of cyber-attacks.

Texchem adheres fully to the Personal Data Protection Act 2010, and consistently upholds rigorous privacy and cybersecurity measures to safeguard the confidentiality of extensive data stored for clients, customers, and internal teams.

OURAPPROACH & PERFORMANCE

Texchem has established firewall system, shielding our networks from external cyber threats. To combat phishing emails received by employees, ongoing training is provided to help them distinguish between genuine and deceptive emails. Employees also have the option to forward suspected phishing emails to the Group's Information Technology team for authentication.

In FY 2023, there were no recorded data breaches, and no substantiated complaints were received regarding customer data losses or breaches of customer privacy.
